Science at its Best

At 4Life, we've dedicated over a decade to researching and developing innovative 4Life Transfer Factor® products—and our commitment has paid off. Transfer factors aren't simply nutrients; they provide knowledge to your body's immune system—supporting its natural ability to know what to do when challenged with health threats.*

Further advancing our position as a world leader in Transferceutical® Science, 4Life is set apart by our in-house Research and Development team, as well as the supporting expertise of a professional board of medical professionals, immunologists, nutritionists, and researchers, known as the Health Sciences Advisory Board (HSAB). Each of our scientific leaders is dedicated to the continued advancement of Transferceutical Science because of the positive impact we continue to see in people's lives.

WELCOME TO 4LIFE®

More than 15 years ago, we came across the remarkable scientific finding of transfer factors. After experiencing the energizing immune system support of these information-packed molecules ourselves, our passion grew, and we knew we would spend the rest of our lives sharing it with others.* Today, with the help of our outstanding research and development team, along with input from our distinguished Health Sciences Advisory Board, our original finding has developed into one of the most revolutionary immune system support ingredients available, 4Life Transfer Factor®.* Our progress has solidified 4Life as *the* Immune System Company worldwide and served as the springboard for Transferceutical® Science.*

No matter what your age, or where you're from, we have a certified 4Life Transfer Factor product that's just right for you. We invite you to try 4Life Transfer Factor for yourself and feel the difference that *immune education* can have on your personal health.* Complemented by a wide range of additional supplements to meet your personal skin care, health care, oral care, and even animal care needs, we are confident that 4Life products will make immune system and overall wellness support something you'll look forward to every day.*

Sincerely,

David and Bianca Lisonbee
4Life Founders

NEW FORMULA

Through technological advancements, 4Life and its manufacturing partners have improved the process for obtaining 4Life Transfer Factor® from cow colostrum. This new proprietary process advances the quality of our products, providing you with an improved, highly concentrated 4Life Transfer Factor® ingredient called UltraFactor XF™.

- **UltraFactor XF™** is a concentrated and proprietary combination of ultra-filtered 4Life Transfer Factor proteins and other peptides from cow colostrum.
- **OvoFactor™** is a patented concentration of 4Life Transfer Factor proteins and other peptides from chicken egg yolk.
- **NanoFactor®** is a proprietary concentration of nano-filtered cow colostrum.

4LIFE TRANSFER FACTOR®

DID YOU KNOW?

4LIFE TRANSFER FACTOR®

DISCOVERY

- Dr. H. Sherwood Lawrence discovered transfer factor molecules in 1949.
- 4Life Founder and CEO David Lisonbee learned about transfer factors as part of his on-going personal health research.
- 4Life secured the exclusive rights to patent (U.S.# 4,816,563), and later secured patents (U.S.# 6,866,868 and U.S.# 7,815,943) that protect the process and use of transfer factors derived from colostrum ("first milk") and eggs.

DESCRIPTION

- Transfer factors are tiny messenger molecules composed of amino acids (i.e., transfer factors are a unique category of bioactive peptide), that transfer immune memory from an experienced immune system "donor" to a less experienced recipient immune system.*

BENEFITS

- Transfer factors support the immune system's natural ability to recognize, respond to, and remember potential threats.*
- Transfer factors may boost or balance the immune system response to a potential threat.*
- 4Life® Transfer Factor Plus® Tri-Factor® Formula has been shown to increase Natural Killer (NK) cell activity by up to 437%.*†
- Promotes healthy T-cell and B-cell function.*

FORTIFY YOUR DEFENSES!

Results from an open-label, beta-test experiment showed that 4Life Transfer Factor® Tri-Factor® Formula effectively helped strengthen the immune system in **100%** of the people tested.*

Increased Production of Salivary IgA Antibodies*

IgA Antibody (Immune Defender)
A critical first line of defense

Pathogen (Germ Invader)

BEFORE taking 4Life Transfer Factor

AFTER taking 4Life Transfer Factor
for four consecutive weeks*

**73%
MORE!**

Immunoglobulin A (IgA) test results obtained from a preliminary, open-label study on 21 reportedly healthy adults. Participants took 4Life Transfer Factor® Tri-Factor® Formula for two weeks, followed by 4Life Transfer Factor® RioVida® Tri-Factor® Formula. *One hundred percent of participants saw an increase in the production rate of salivary secretory IgA by an average of 73% after taking 4Life Transfer Factor products for four weeks, when compared to the one-week baseline. A brief drop occurred at the transition between the two products. [Bennett RH et al, Salivary IgA in healthy adults is increased by dietary Transfer Factors: An open-label, cross-over study. Unpublished observations.]

YOUR BODY'S NEEDS

Targeted Transfer Factor products combine the immune system benefits of 4Life's Transferceutical® ingredients with additional system-specific nutrients to provide a more focused and personal level of health support.*

NEW! AVAILABLE JANUARY 15, 2014!
4LIFE TRANSFER FACTOR RENUVO™

PRIMARY SUPPORT: Immune System Support, Anti-Aging, Antioxidant, Overall Wellness

4Life Transfer Factor Renuvo™ is formulated to promote a youthful and healthy response to the inflammatory stresses of life, such as poor dietary habits, exercise, or aging that kicks your body out of balance.* Normally, inflammation is a healthy response to a stressful assault on a cell. It's the calling of the guard to combat a stressful affront. However, responded to improperly or left out of control, the inflammatory effects on a cell (and globally, on your body) can become problematic.

The ingredients in 4Life Transfer Factor Renuvo synergistically combine to help counteract the telltale signs of aging and more quickly recover from the physiological damage that comes from living in the modern world.*

Step 1: Resurface and Refresh

enummi® advanced RENEWING SERUM

enummi advanced Renewing Serum glides gracefully over skin, deploying precision-strength glycolic acid and other powerful nature-derived ingredients to help resurface, refresh, and return skin to a more radiant and youthful appearance.

- Features 4Life Transfer Factor® (UltraFactor™ and OvoFactor™)
- Contains 10% glycolic acid, a highly effective Alpha Hydroxy Acid (AHA) that encourages surface turnover and gently resurfaces skin for a fresher, younger look
- Provides robust support against environmental aggressors
- Provides serious nighttime support, improving the appearance of skin surface smoothness, firmness, and brightness

Sunburn alert: This product contains an alpha hydroxy acid (AHA), which may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterwards.

Step 2: Lavish and Soothe

enummi® advanced AMPLIFY HYDRATING CREAM

enummi advanced Amplify Hydrating Cream lavishes skin with rich, soothing, conditioning, and hydrating ingredients, infuses skin with nutrients, and diminishes the appearance of dull, uneven tone and color for a brighter, more healthy-looking complexion.

- Features 4Life Transfer Factor® (UltraFactor™ and OvoFactor™)
- Improves the appearance of fine lines, wrinkles, and imperfections
- Visibly reduces dull, uneven skin tone for a brighter, more luminous complexion
- Provides robust support against environmental stressors
- Restores moisture and nutrients for the amplified appearance of surface firmness and tautness

Step 3: Recover and Protect*

enummi™ advanced SKIN RECOVERY* SUPPLEMENT

enummi advanced Skin Recovery* Supplement is a vital step of the enummi advanced Skin Care system, maximizing the rejuvenating potential of the topical treatments and supporting recovery from normal daily exposure (for skin tending toward daylight sensitivity and during phases of surface barrier compromise).* It also promotes skin's youthful and vibrant look from the inside out, and features 4Life Tri-Factor® Formula (UltraFactor™, OvoFactor™, and NanoFactor®.)*

- Provides immune system support. Skin is first line of defense*
- Supports increased moisture levels in skin's barrier from the inside out in as little time as three weeks*
- Supports skin's surface firmness and elasticity from the inside out in as little time as eight weeks*
- Significantly improves the appearance of skin lines and wrinkles in as little time as eight weeks*
- Supports skin's recovery from normal daily environmental exposure*

4LIFE FORTIFY®

GOOD WORKS THROUGH GOOD NUTRITION

While many orphanages struggle to provide food for their children, even those who can manage it rarely supply the proper nutrition that is necessary to sustain a vibrant life. As part of our focus to foster long-term sustainable partnerships with orphanages and child care facilities around the world, 4Life® is proud

to offer 4Life Fortify. As part of the General Health and Wellness line, distributors can donate 4Life Fortify and receive personal LP to further build their businesses.** Each bag purchased will be donated to children in need around the world using our partner, Feed the Children, a third-party distribution company.

4LIFE FORTIFY®

The 4Life Fortify® meal pack provides 24 great-tasting child-sized meals. Each high-quality pack includes a meal of rice, lentils, and beans, along with a complete nutritional complex of vitamins and minerals, and 4Life Tri-Factor® Formula.

- Contains a full complex of vitamins and minerals
- Includes 4Life Tri-Factor® Formula
- Provides a protein-rich meal with the texture of a true meal, not simply porridge
- Provides proper nutrition for individuals of all ages, as well as a feeling of satiety
- Tastes great and can be enjoyed by different cultures worldwide

*For donation through Feed the Children.
Not for personal use.*

***4Life Research™ offers an incentive to buy, donate, and promote 4Life Fortify meal packs. Commission is included in the price of the pack and allows distributors to invest their time and resources to encourage others to join our legacy of service. 4Life Fortify is a product created and supported by 4Life Research, a for-profit company that facilitates donations of purchased 4Life Fortify meal packs to non-profit partners such as Feed The Children. Charity partners distribute 4Life Fortify to children in need without charge or fees.*
